ADVANCED INTELLIGENCE SEMINAR (AIS) #2-71  
(See pages 17 and 42 in the OTR Catalog)

The Advanced Intelligence Seminar is a middle and senior level course designed for experienced personnel from all Directorates and from the Office of the Director. It places major emphasis upon (1) dynamic aspects of the changing international domestic scenes influencing U.S. intelligence; (2) current and projected developments within the Agency and the Intelligence Community generally; and (3) an examination of the intelligence approach to selected substantive problems.

To the maximum degree possible, the course is conducted in the atmosphere of a seminar to provide opportunities for members to engage in dialogue with the speakers (particularly senior officials of the Agency) and to appreciate the viewpoints and problems of colleagues from other Directorates.
